5.	January 21, 2020	Knights	

6.	January 21, 2020	Ospreys	 <p>In our community the Ospreys are assisted in making platforms for their nests all over our region. They appear on the City of Kawartha Lakes signs and I feel represent our community. Ospreys are massive, fierce birds that dive like missiles into water to catch their prey. They are territorial, strong and ruthless. For these reasons I have chosen them to be my animal representative design. The proposal is black and gold colours as shown in the design but the colours can be changed.</p>

14.	January 28, 2020	Walleye	  <p>KLMHA Walleye is the logo name, chosen because Walleye are one of our plentiful fish in our lakes around here, but also to honour Bryan Rufenach who passed away in a tragic Back Packing incident in 2012. Bryan played for the Toledo Walleye and The Lindsay Muskies before, he was a top prospect with the Detroit Redwings. We could have an unveiling ceremony to honour him. Also chose this to honour Kyle Bonis who played for Toledo Walleyes and minor hockey in OPS. thought this would give us some tradition with the two players.</p>

Invert the logo colours on the shirt. ie: no white patch just white crown. Add "Kawartha Lakes" above the logo and "Kings" below. the colours are black for the best lake ice and silver for the moon lit game.</p>

31.	January 31, 2020	Pioneers	 <p>Kawartha Lakes is an amalgamation of it's own, consisting of tiny hamlets to villages like Omemee to small cities like Lindsay. My submission is for the Kawartha Lakes Pioneers, to bring the heritage from Martha Whetung, an Aboriginal of the Curve Lake First Nations. Kawartha means "bright waters and happy lands". I have incorporated the land and water in the background of the logo to represent this, while focusing on the Pioneer, strong, determined, aware, gripping a hockey stick in red, black, gold and grey.</p> <p>My jersey suggestion would be similar to the Vegas Golden Knights. They are sharp and classy and I felt incorporating the colours from the newest NHL team was a way to reflect on our new association without duplicating another Knights team in the loop.</p> <p>I grew up here, my husband played hockey here, our roots are here and we chose to come back and raise our family here. Our kids have played for both Kawartha and Lindsay minor hockey. We are so excited about this partnership and how it will pave the way for minor hockey in the Kawartha Lakes area in the years to come.</p>
